Condo convenience with the privacy of single home ownership . . . plus beautiful ocean views and the smell of the sea. Just a few doors in from the beach--and available for quick occupancy. You just didn't think that this lifestyle was possible for less than 7 figures. Whether you are looking to live at the shore year round, or just want a thoughtfully updated getaway, this home impresses in every way, with lots of space (5 bedrooms), privacy (3 levels), storage (a basement and garage), and the zen of outdoor space, with a porch, ocean view verandas, and a rear yard. You have to visit this one in person to see how much beach house you can get for your money. The Bradley Beach market is red hot because we're in the "sweet spot" close to Asbury and Ocean Grove, with a train station downtown.
